<b>AGEING IN BOTTLES</b>	24 months
<b>ALCOHOL/VOL.</b>	15°
<b>DRY EXTRACT</b>	33,1
<b>TOTAL ACIDITY</b>	6,2
<b>BOTTLING LOT.</b>	919
<b>SERVICE TEMPERATURE</b>	16-17° C°

#### **GIOVANNI NERI TASTING NOTES**

2015 is one of Cerretalto's truly great years.

The colour is rich and intense. The bouquet reveals itself gradually, with insistent graphite notes accompanied by a concerto of red berries, liquorice and chocolate. Lastly, fresh, bright tones come through, followed by balsamic, minty undertones. But it's on the palate that Cerretalto 2015 reveals all its personality – a perfect balance between extraordinary tensile strength and aromatic precision. An exceptional web of tannins – dense and velvety – blends with an acidity which is palpable but well integrated. The experience culminates with in a sensation of great purity, density and depth. All these factors augur a very long life for Cerretalto 2015.

#### **VINTAGE NOTES**

The 2015 vintage will go down in history as a textbook year. The winter was mainly mild, with temperatures within the norm and considerable rainfall in January and February. Bud break occurred in the second week of April. Through the second half of April and the whole of May sunny days alternated with abundant showers, resulting in a regular growth cycle, excellent water levels in the soil and a healthy flowering period which concluded right at the end of May. In June and July temperatures were slightly above average. Showers in the second week of August brought temperatures down and greatly aided ripening. The diurnal temperature range was considerable in August and September, leading to an almost perfect balance of acidity, tannins and sugar.
